

Every year an estimated 5 million, or 1 in 10 older Americans, experience elder abuse, neglect, or exploitation.

Cuyahoga County Adult Protective Services (APS) recognizes the seriousness of elder abuse not only on World Elder Abuse Awareness Day, but every day of the year. Each year, we host this forum for our community partners to draw further attention to the epidemic of elder abuse.

World Elder Abuse Awareness Day (WEAAD) is commemorated on June 15th every year
