Social Isolation and Loneliness
Among Older Adults:
Intersection, Demographics and
Solutions

Lisa Marsh-Ryerson is president of AARP Foundation, the charitable affiliate of AARP. Since she took the helm, AARP Foundation has implemented pioneering initiatives, explored new avenues for collaboration, and secured unprecedented funding to support programs and services that truly change lives, creating effective solutions that help vulnerable older adults increase their economic opportunity and social connections.

Michael Roizen, MD
First Chief Wellness Officer, Cleveland Clinic

The Great Age Reboot

Dr. Roizen, the founder of the Real Age concept to motivate behavior change, has served as Cleveland Clinic's first Chief Wellness Officer from 2007 to 2019 and founder of its Wellness Institute. He is currently the chair of anesthesia and critical care at the University of Chicago's Pritzker School of Medicine. Dr. Roizen is devoted to helping people live younger and has provided personalized care to hundreds including seven Nobel Prize winners.

25th Annual Cuyahoga County Conference on Aging Goals:

The Cuyahoga County Conference on Aging is co-convened by the Cuyahoga County Division of Senior and Adult Services (DSAS) and The MetroHealth System. We attract nearly 300 attendees (social workers, counselors, nurses, and nursing home administrators) each year.

The overall conference objectives are:

1. To identify, discuss and disseminate information on specific ethical aging issues impacting older adults, caregivers and providers;
2. To foster greater understanding of the aging population and the resources available to support older adults;
3. To increase and improve communication, collaboration and networking among professionals, volunteers, advocates and older persons

Continuing Professional Education

The Cuyahoga County Division of Senior and Adult Services (DSAS) has applied for 6.0 hours of continuing education credits for counselors and social workers. These credits may also be applied to meet nursing licensure requirements. DSAS is an approved provider of the Ohio Counselor and Social Worker Board (RCS089801).

Cuyahoga County's Division of Senior and Adult Services has applied for 6.0 credit hours for nursing home administrators through the Board of Executives of Long-Term Services & Supports (BELTSS). Continuing Education Units will only be given to those nursing home administrators who are in attendance for the entire conference. The Division of Senior and Adult Services is a limited provider.

Approved provider status does not imply endorsement by the provider, ANCC, OBN or ONA of any products displayed in conjunction with an activity.

**Participants who successfully complete this program must sign in on the attendance sheet, attend the entire program, and submit a program evaluation to receive contact hours/continuing education unit credits.

For additional information, please contact Cacy Peña 216-348-3978 Ohio Relay Service 711

**Registration for this event implies agreement to be videotaped. Your photo may be used for PR & marketing purposes for the Division of Senior and Adult Services and The MetroHealth System.

“Social Isolation and Loneliness Among Older Adults: Intersection, Demographics and Solutions”

Presenter: Lisa Marsh-Ryerson, M.S.

Awareness of social isolation and loneliness has dramatically increased over the eight years in which AARP Foundation recognized the issue as a growing epidemic. Research continues to identify negative health outcomes associated with prolonged social isolation, but there is hope. New programs and resources, such as Connect2Affect.org, are providing help to those suffering. Lisa Marsh-Ryerson, President of AARP Foundation, will provide an overview of which older adults are most likely to be isolated and the solutions practitioners, friends and families can implement to address and mitigate social isolation.

9:30 a.m.-10:30 a.m.

Resiliency Panel

“Aging with a Flourish”

Presenters:

Robert Smith, PhD & James Campbell, MD, The MetroHealth System

This session will provide an overview of the concept of resilience, the personal behaviors which may place well-being at-risk, provide an introduction to resilience skills which enhance well-being and learn from a panel of participants who have developed resiliency in the face of adversity.

10:30 a.m.-10:45 a.m.

Break/Vendors/Poster Presentations

10:45 a.m. – 11:45 p.m.

“Hungry for a Solution: Food Insecurity Screening and the Effect on Medication Adherence”

Presenter: Anastasia (Stacy) Loejos, MSN, APRN, AGPCNP-C, The MetroHealth System

We need to be willing to look deeper at what superficially can appear to be non-adherence, as it can actually be an effort to prioritize a greater immediate need of a person. By screening for food insecurity, it not only provides an opportunity to link those in need with resources, but perhaps more importantly, fosters relationship, rapport, and an environment of trust. With that relationship, patients have the chance to reduce the burden of these life circumstances and have a better chance at improving their health and quality of life.

11:45 p.m.-1:00 p.m.

Lunch & Luncheon Keynote Speaker: The Great Age Reboot

Presenter: Michael Roizen, MD, First Chief Wellness Officer, Cleveland Clinic

This session will compare how easy and difficult it is to prevent chronic disease and provide ideas as to why society depends on preventing chronic disease. Learn how to help yourself and your patients manage stress.

1:00 p.m.-1:30 p.m.

Awards: Barbara Galloway (Organization) & Candace Carmichael (Individual)

1:30 p.m.-1:45 p.m.

Break/Vendors/Poster Presentations

1:45 p.m.-2:45 p.m.

“Maintaining Independence at Home through Accessibility”

Presenter: Beth Glas, MNO, COS, ECHM, CAPS, Executive Vice President, Maximum Accessible Housing of Ohio

Inaccessible and inappropriate housing creates barriers to independence for people with disabilities and for seniors. Unfortunately, most of our homes aren't accessible and most of us don't know where to begin when making accessibility and safety improvements. At this session, we'll discuss essential home modifications, focusing on those that maintain or increase independence. We'll also talk about decision-making and local housing resources.

2:45 p.m.-3:45 p.m.

Closing Session: “Fall Prevention Among Home Dwelling Elderly Veterans”

Presenter: Kaytlin Reed, PT, DPT & Gina Green, MT, OTR/L, OTD

This session will utilize a case study application examining falls risk reduction in home based primary care and will provide a comprehensive overview of current falls reduction strategies.

3:45 p.m.-4:00 p.m.
